

Special Olympics

Special Olympics is the world's largest sports organization for children and adults with intellectual disabilities, promoting diversity and inclusion, and providing year-round training and competitions to more than 4.2 million athletes in 170 countries. The Special Olympics World Games, which alternate between summer and winter games, are bi-annual and are often the largest sporting event to take place in the world during that year.

The 2019 edition of the World Games will be held in Abu Dhabi, United Arab Emirates. By living out their dreams in front of the world, athletes will open hearts and minds, and expand our collective sense of acceptance and inclusion.
